

Quote to Mark World Migratory Bird Day from Ban Ki-moon, Secretary-General of the United Nations

"I fully support the global campaign to raise awareness about the threats to migratory birds from habitat destruction, overexploitation, pollution and climate change. I call for greater international efforts to restore and preserve migratory birds and the network of sites they need to survive as an important part of the environment on which we all depend."

- Mr. Ban Ki-moon, Secretary-General of the United Nations
