World Migratory Bird Day was observed across the globe with the theme "Stop the illegal killing, taking and trade birds".

Pakistan has the large number of guest birds from Europe, Central Asian States and India every year.

The rich Indus delta and the highlands in Pakistan are a great attraction for the guest birds. As per an estimate basing on regular counts at different Pakistani wetlands, between 700,000 and 1,200,000 birds arrive in Pakistan through Indus Flyway every year.
